

Informs you of our annual ISA Show

ISA EXPO 2007

From October 2-4, in Houston, Texas

One Event, Six Exchanges

ISA EXPO is your source for in-depth technical coverage of topics critical to automation and control success.

Experience the power of a technology intensive event. Organized around six core automation and control themes, ISA EXPO 2007 provides attendees a content-rich environment that offers unlimited opportunity for exploration of key technologies, professional growth, and interaction with like minded professionals.

Benefit from the practical experience of others as you discuss best practices, lessons learned, and solutions to your unique automation challenges.

Comprehensive presentation of automation and control solutions, ideas, and information await you. ISA EXPO covers the breadth and depth of automation and control. The 2007 Exchanges offer you a variety of ways to capitalize on the wealth of content specific to each technology, including technical sessions and "open to all" events like briefings on essential standards, topical and relevant forums, standards development meetings, and North America's largest automation and control exhibition.

Unbiased platform for information exchange means you have unfettered access to all sides of the technology story. ISA EXPO is vendor neutral with no agenda other than providing automation and control professionals with the resources they need to find the solutions that are right for them.

Who Should Attend?

Management, engineering, production, IT and R&D professionals responsible for automation, control systems, plant wide communications/networks, plant operations and maintenance, and systems integration will benefit from attending.

Networking Reception & Evening Exhibition Hours

Tuesday, 2 October Exhibition hours: 1:00 p.m.–8:00 p.m.

In response to attendee requests, ISA EXPO will offer evening exhibition hours on Tuesday allowing you to spend more time test driving the latest products and solutions. Accompanied by a festive networking reception, you will have the opportunity to network with peers in a fun, casual environment.

ISA EXPO Wireless Network

ISA EXPO attendees are essential to the operations of their facilities, and as such, we know how important it is for you to stay connected wherever you are. To that end, we are pleased to host wireless service throughout the Reliant Center for all ISA EXPO attendees.
