**SPEAKERS**

**Derek Hook** of Invensys Eurotherm has been involved with industrial instrumentation for more than 25 years. He has worked in Europe, North America and South America in technical, marketing and sales positions. His experience with the pharmaceutical and biotechnology industries was first gained in Massachusetts, USA in the early 1990's; Mr. Hook is now the pharmaceutical leader for Invensys Eurotherm in the Americas. He is also an ISPE Member.

**Matt Safi** is the Global Pharmaceutical Business Manager for Invensys Eurotherm and is based in England. He has more than 20 years of experience in automation and specializes in batch applications. Mr. Safi has managed a number of major batch projects. He has a wealth of experience in validation and 21 CFR Part 11. In addition to being responsible for Eurotherm's global pharmaceutical business development, he is a Product Manager for a number of DCS products. Matt Safi is an active member of ISPE, GAMP forum and supplier forum.
